- More major new developments
  - More **full-time <u>core</u>** developers

- Organised feedback from users
  - User-driven core specifications
  - Direct investment from users

**moodle**

the world's open source learning platform

moodle ASSOCIATION

moodleassociation.org

# How will the Association work?

◆ Non-profit organisation owned by Moodle users

◆ Collects annual fees for membership

◆ All fees go into a development fund

◆ Core development priorities are determined

◆ Fees are paid to Moodle HQ to develop these projects in core

moodle
ASSOCIATION

# How are priorities determined?

Six-month cycles, matching Moodle releases

◆ 4 months specification period

      Any member can lead a project

      Project discussions online and working groups at Moots

◆ 1 month quoting and finalisation period

      Moodle HQ examines and cost estimates on each project

◆ 1 month voting period

      Level of membership determines voting points

      Each member distributes votes among projects

# Final development

◆ The Association Committee allocates funds to the most highly voted projects

◆ Association contracts Moodle HQ to develop them for the earliest possible release

# Membership

◆ Different tiers of memberships

◆ AU$100/year to AU$10,000 per year

◆ New committee elected each year

◆ We are looking for some key founding members to be on the initial committee

◆ Contact us: info@moodleassociation.org
